QUEEN VICTORIA has nineteen granddaughters.

MR. HENDRICKS has made a remarkable canvass in Indiana. Last week he addressed four large meetings at been speaking every day once or twice.

ONE hundred and forty Republicans of Utica, N. Y., friends of Roscoe Conkling, have issued a stirring appeal to Republicans to march to the ballot box and beat James G. Blaine, who betrayed Folger.

Mr. BEECHER opened one of his recent political speeches, with these words: "I helped to rock the cradle of the Republican party, and I have left it now, because I don't want to be a pallbearer at its funeral.

Southern colored people should remember that Southern white Democrats tax themselves for the education of colored children. This is practical friendship. Northern Republicans disfranchised Washington negroes, and robbed the Freedmen's bank. Very few negroes have had any substantial benefit from the Republican party.

THE election of a new Legislature in New York State on next Tuesday will be an important one indeed, in view of the fact that that body will select Senator Lapham's successor in the United States Senate. The New York Herald reviews the chances of a Democratic Senator, and its careful estimate is quite favorable for the calamnity. They were not ashamed of

He adds, however, that the young people of both sexes are bent on emigrating to this country at the first opportunity.

AND what did the Republicans do in Ohio after all? As a truth the official count shows that in the election for Secretary of State the majority was really against the Republican nominee. Note the figures: Newman, the Democratic candidate, received 380,275 votes; Morris, Prohibitionists, 9,857, and Herald, Greenbacker, 3,570. Total, 393,712. Robinson, Republican, received 391,599 votes. Majority against Robinson, 2,113. THE States at issue are: California with 6 out of 6 Representatives Democratic; Connecticut with 4 out of 5 Representatives Democratic: Indiana with 9 out of 13 Representatives Democratic; Nevada with 2 out of 3 seats in the House and Senate Democratic: New Jersey with 3 out of 7 Representatives Democratic; Virginia with 4 out of 9 Representiives Democratic; New York with 21 out of 34 Representatives Democratic; Wisconsin with 6 out of 9 Representatives Democratic. Such is the honest complexion of the paign. country, and nothing but money, bribery and corruption can give the Republicans the rule.

THE Philadelphia Times in discussing the question why the South is solid for the Democratic party, covers the whole ground thus briefly:

There is a constant campaign cry against the "Solid South" in every important contest; but those who clamor for a divided South studiously conceal the fact that every property, industrial, educational and progressive interest of the Southern States demands Democratic administration. Republican rule in the South left one vast sea of debt and desolation, and Republican capitalists would to-day withdraw their investments if they apprehended a restoration of the only Republican authority that the South could furnish. North Carolina is one of the most consevative of the Southern States, a State not naturally Democratic, a State that would give a majority for any better party than the Democratic party, but it is held in the Democratic column solely because to return to Republican government would be to return to the blight of reckless carpetbag and ignorant and debanched negro

A CABLEGRAM from England tells of a monster radical demonstration in favor of the abolition of the House of Lords, that was recently held in Hyde Park, at which over one hundred thousand persons were present. A long procession with bands, flags, etc., marched through the principal streets. The marchers groaned while passing the headquarters of various conservative clubs at the West End. Many banners were displayed bearing such inscriptions as "Down with the Lords!" and "The Lords are oppo- and \$28,773,389 silver. Mr. J. O. Boag-Dear Sir: I bought the arst Davis Machine sold by you over five years ago for my wife, who has given it a long and fair trial. I am well pleased with it. It never gives any trouble, and is as good as when first bought.

J. W. BOLICE. Winnsboro, S, C., April, 1883.

Mr. Boag: You wish to know what I have to say in regard to the Davis Machine bought of you three years ago. I feel I can't say too much in its favor. I made about \$80 within five months, at times running it so fast that the needle would get perfectly hot from friction. I feel confident I could not have done the same work with as much case and so well with any other machine. No time was lost in adjusting attachments. The lightest running machine I have ever treadled. Brother James and William's families are as much pleased with their Davis Machines bought of you. I want no better machine. As I said before, I don't think too much can be said for the Davis

Mr. J. O. Boag-Dear Sir: It gives me much pleasure to testify to the merits of the Davis Vertical Feed Sewing Machine. The machine I got of you about five years ago has been almost in constant use ever since that time. I cannot see that it is worn any, and has not cost the one cent for repairs since we have had it. Am well pleased and don't wish or any better. Yours truly,

ROBERT CRAWFORD Granite Quarry, near Winnsboro, S. C. We have used the Davis Vertical Feed Sewing Machins for the last five years. We would not have any other make at any price.

Having bought a Davis Vertical Feed Sewing Machine from Mr. J. O. Bong some through a some and it having given me perfect satisfaction in every respect as a family machine, both for heavy and light sewing, and never needed the least repair in any way, I can cheerfully recommend it to any one as a first-class machine in every particular, and think it second to none. It is one of the simplest machines made; my children use it with all ease. The attachments are more easily adjusted and it does a greater range of work by means of its Vertical Feed than any other machine I have ever seen or used. other machine I have ever seen or used.
